Dear Sir/Madam,

RE: APPLICATION OF ATTACHMENT POSITION.

I am submitting my resume and the university referral letter to apply for attachment in the department of pharmacy .

I am a student currently in my second year pursuing a Diploma in pharmaceutical technology in Mount Kenya university .

I have good interpersonal and communication skills. I also can work well in a group and am a quick learner. I believe the position will help me gain experience and allow application of academic, professional and technical skills learnt throughout my years of studies.

Yours faithfully,

Everlyne njeri.
